

# FABRICATION INTRODUCTION & CAPABILITIES

---

- Old Company, New Focus
- Pipe Fittings
- General Fabrication
- HVAC Ducting
- Site Repairs & Installation
- Vacuum Forming
- Acrylic Fabrication
- Thermoforming
- Contact Details

# OLD COMPANY NEW FOCUS

---

- Progressive Plastics has been fabricating and manufacturing in plastics for more than 40 years
- Experienced team with in-depth knowledge of plastics
- Increased product range, capabilities, technical performance, quality standards and production capacity and warehousing
- Focus on our values: Reliable + Innovative + Sustainable

[www.progressiveplastics.co.nz](http://www.progressiveplastics.co.nz)

# PIPE FITTINGS

---

- Fabricated from a complete range of pipe grades including stormwater, sewer and pressure
- Fittings include adapters, fabricated bends, swept bends, couplers, junctions and saddles
- Options for plain, socket, RRJ and fixed ring ends
- Standard fittings available ex stock
- Custom fabricated fittings and modifications to suit requirements

# GENERAL FABRICATION

---

- In-depth knowledge of all types of plastics
- Cutting, welding and bending of all plastics including PVC, Polyethylene, Polypropylene, PET, ABS, Acrylic and Polycarbonate
- Fabrication of tanks, storage containers and cabinets used in aquaculture, agriculture, manufacturing, construction and retail
- Custom made products to suit requirements

[www.progressiveplastics.co.nz](http://www.progressiveplastics.co.nz)

# HVAC DUCTING

- Ducting for corrosive environments not suited to steel
- Rectangular and pipe ducts, bends and fittings
- Fume cupboard extraction systems
- Site installation and repairs
- Recent projects include university facilities, swimming pools, and manufacturing plants

# SITE REPAIRS & INSTALLATION

---

- On-site welding of all plastic types
- Tank repairs
- Pipe joining, modifications and repairs
- HVAC Ducting and pipework

[www.progressiveplastics.co.nz](http://www.progressiveplastics.co.nz)

# ACRYLIC FABRICATION

---

- Standard pre-fabricated freestanding protection screens available ex stock. Suitable for reception and retail counters
- Fabrication and installation of custom-made screens to suit most work environments.
- Retail and food display, storage and protection systems
- Windows and guards to replace glass to equipment, vehicles and buildings

[www.progressiveplastics.co.nz](http://www.progressiveplastics.co.nz)

# VACUUM FORMING

---

- Mould making and prototypes
- Small and large production runs
- Range of vacuum formed products in most plastics

[www.progressiveplastics.co.nz](http://www.progressiveplastics.co.nz)

# THERMOFORMING

---

- Food grade rigid and flexible trays
- Recyclable, environmentally friendly
- High performance barrier properties using plant based products
- Custom tooling
