### JUNCTIONS - JN

Diameter 100 – 600mm  
 Material PVC  
 Pipe Type SW, DWV, Pressure  
 Pipe Grade SN4, SN8, SN16, PN12  
 Angles 45, 90 deg (others on request)  
 Ends Plain, RRJ, Socket

*Other angles on request  
 Pressure fabricated from PN12 pipe and rated as PN9  
 Inspection pipes available to order*

### BENDS - BD

Diameter 100 – 600mm  
 Material PVC  
 Pipe Type SW, DWV, Pressure, Electrical  
 Pipe Grade SN4, SN8, SN16, PN12  
 Angles 11, 22, 45, 90 deg  
 Ends Plain, RRJ, Socket

*Other angles on request  
 Pressure fabricated from PN12 pipe and rated as PN9  
 Bends available in fabricated and formed*

### END CAPS - EC

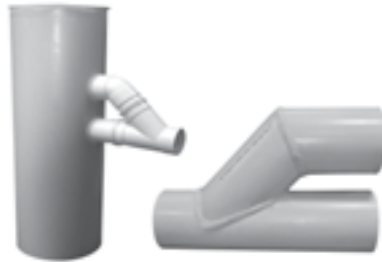

Diameter 32 – 375 mm  
 Material PVC  
 Pipe Type SW, DWV, Pressure  
 Pipe Grade SN4, SN8, SN16, PN6  
 Ends Socket

### SADDLES - SD

Diameter 100 – 475mm  
 Material PVC  
 Pipe Type SW, DWV  
 Pipe Grade SN4, SN8, SN16  
 Angles 45, 90 deg(others on request)  
 Ends Plain, Socket

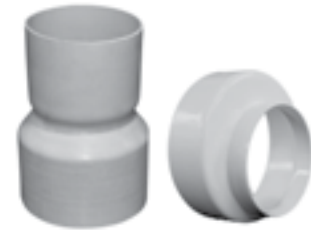

*Other angles on request*

### SUMPS & MUD TANKS - JN

Diameter 150-375 mm  
 Material PVC  
 Pipe Type Culvert/PVC  
 Pipe Grade SN4  
 Ends Plain

*Sump available in culvert pipe 300 & 375  
 Mud tank available in PVC 150,225,300  
 Other sizes/configurations on request  
 Sump Branch diameter 100mm*

### ADAPTORS - AD

Diameter 65 – 225 mm  
 Material PVC  
 Pipe Type SW, DWV, Pressure  
 Pipe Grade SN4, SN8, SN16, PN12  
 Ends Plain, Socket

*Pressure fabricated from PN12 pipe and rated as PN9  
 Also available in downpipe, D Class  
 Product lines include Grate Adapters, Stack Adapters,  
 PVC to ceramic*

### COUPLERS - SCP

Diameter 175 – 375mm  
 Material PVC  
 Pipe Type SW, DWV, Pressure  
 Pipe Grade SN4, SN8, SN16, PN12  
 Ends Plain, RRJ, Socket

*Pressure fabricated from PN12 pipe and rated as PN9*

### LEVEL INVERTS - LI

Diameter 150 – 375 mm  
 Material PVC  
 Pipe Type SW, DWV, Pressure  
 Pipe Grade SN4, SN8, SN16, PN12  
 Ends Plain, RRJ, Socket

*Pressure fabricated from PN12 pipe and rated as PN9*

### MANHOLE STARTERS/ FINISHERS - MS/MF

Diameter 100 – 375mm  
 Material PVC  
 Pipe Type SW, DWV  
 Pipe Grade SN4, SN8, SN16  
 Ends Plain, RRJ

*Gritted  
 Shorts and droppers also available*

### REDUCERS - RS

Diameter 150 – 375mm  
 Material PVC  
 Pipe Type SW, DWV, Pressure  
 Pipe Grade SN4, SN8, SN16, PN12  
 Ends Plain, RRJ, Socket

*Pressure fabricated from PN12 pipe and rated as PN9  
 Includes Manhole Droppers*

### VERMIN TRAPS - VT

Diameter 40-150 mm  
 Material PVC  
 Pipe Type DWV  
 Pipe Grade SN4  
 Ends Socket

### KERB ADAPTORS - KA

Diameter 65 - 100mm  
 Material PVC  
 Pipe Type SW, DWV, Pressure  
 Pipe Grade SN4, PN12  
 Ends Socket

*Pressure fabricated from PN12 pipe and rated as PN9*

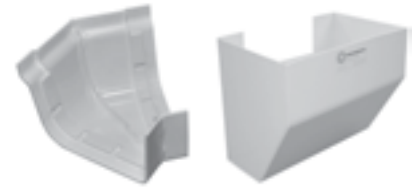

### SPECIALTY PIPE FITTINGS

- Splitter box
- Filter Wash
- Septic Tank Filter
- Flood Valves
- Dairy Wash

### COOL STORE FITTINGS

- Relief Ports
- Recessed Handles
- Flashings

### SPOUTING SYSTEMS

- Spouting angles to order
- Custom Rain headers
- Downpipe adapters

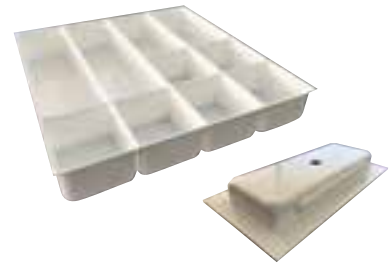

### TANKS AND STORAGE

- Custom built to requirements. All plastic types
- Truck, ute and trailer storage boxes
- Aircraft cargo liners
- Truck liners
- Motorhome & marine water tanks

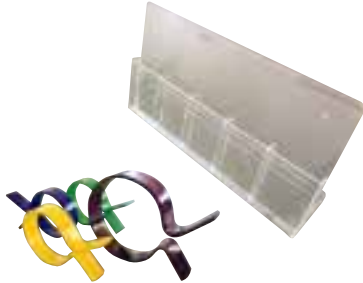

### ENGINEERING PLASTICS

- Specialist engineering
- All plastic types
- Lathe and CNC machined
- Threaded fittings

### VACUUM FORMING

- Pest trap covers
- Coolstore furniture
- Paving stone moulds
- Instrument covers
- Packaging prototypes
- Most plastic types

### MISCELLANEOUS

- Rubber rings
- Backing rings
- Display Stands
- Identification tags
- Stub Flanges
- Sheet plastic cut to size

### HVAC FITTINGS

- Ducting fittings
- Fume Cupboards
- Repairs
- Installation

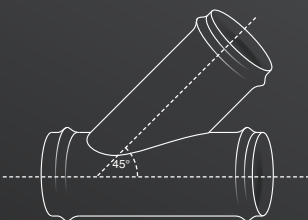

### SITE WORK

- Site Welding in PVC & PE
- Repairs
- Installation

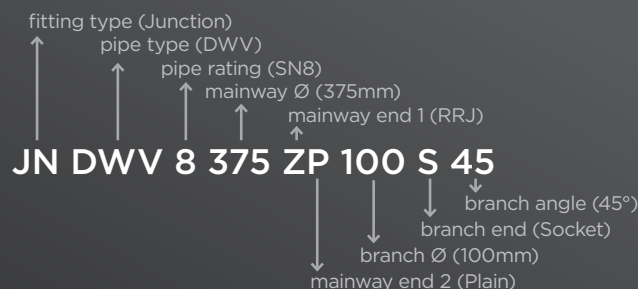

## USE OUR WEB BASED "FITTINGS BUILDER"

To help you understand what is required and to order your correct fitting, use our simple Fittings Builder on our website [www.progressiveplastics.co.nz/fabrication](http://www.progressiveplastics.co.nz/fabrication). This will guide you through your requirements including pipe type, grade, Diameter, angles and end types. Once you have built your fitting it will generate a product code and email it through to us for an order.

## UNDERSTANDING OUR PRODUCT CODES

Pipe fittings can come in a complex variety of options depending on the application. We have developed our product coding to represent exactly what the customer requires. An example of how our codes are built up is shown here
